"...the best produced journal on yogic thought."
~ David Frawley, author of Mantra Yoga and the Primal Sound: Secrets of Seed (Bija) Mantras
Spirituality is expanding

Of young adults, 37 percent describe themselves as “spiritual but not religious.” This is clearly also the story of the ascent of “spirituality” in America. The group is so large that pollsters have created a separate category on questionnaires.

From Oprah.com: A 2006 poll conducted by the Travel Industry Association found that 25 percent of American travelers were interested in taking a spiritual vacation. The phones at Esalen, the old '60s spiritual/intellectual center hanging over the Big Sur coastline, are ringing with new inquiries. Online prayer groups and chat rooms are popping up all over, as are interfaith communities like Beliefnet. Elizabeth Gilbert’s spiritually seeking juggernaut, Eat, Pray, Love, has sold nearly five million copies. Yoga has become so mainstream, Marines are doing sun salutations at a base camp in Iraq.

Our mission

Light of Consciousness was founded in 1988 by Swami Amar Jyoti and continues under His guidance.

It is dedicated to our awakening into the Pure Consciousness that dwells within all. According to Sanatana Dharma, the Eternal Religion or Truth, Spirit manifests throughout creation in infinite diversity.

The underlying harmony and eternal principles are common to all spiritual paths and traditions: Truth is One, Sages call it by many names. Whichever path we choose, the way is through each of us to realize the Divine within.

Everyone has the potential of creative genius. You have the potential for infinity and eternity, but you have chosen to program yourself within the limitations of time and space. Therefore, you have lost the original purity of Consciousness.

~ Swami Amar Jyoti
Recognition

*Light of Consciousness* honors the integrity of authentic spirituality through writings filled with wisdom, love and divine energy. This magazine can change your life!

—Prem Prakash, author of *The Song of the Guru; A Modern Translation and Commentary on the "Guru Gita"

By delivering deep teachings from many spiritual traditions, *Light of Consciousness* truly serves as a beacon for those on the path.

—Michael A. Singer, author of *The Surrender Experiment: My Journey Into Life’s Perfection*

*Light of Consciousness* is crafted like an offering to God the way it is put together, allowing the reader to BE in Satsang while absorbing its content. I love the Satsang messages of Swami Amar Jyoti, which fill me with love and a greater appreciation for life. The variety of articles and subjects from various sources provide the reader with different ways in which to tap into the spiritual well, all leading to the same place. I look forward to each issue and feel like an inner light is turned on a bit brighter with each reading. I can tell that the individuals responsible for putting the magazine together do so out of an act of love. R. K.
